## putting progress into practice

### Program Description

This conference will provide all health care professionals with an evidence based approach to managing patients with wound, ostomy, and continence challenges.

### Course Objectives

- Explore issues relating to body contouring after weight loss
- Become more knowledgeable regarding bacterial biofilms in wounds
- Learn how to deal more effectively with difficult peers and clients
- Review aspects of caring for a patient with a neurogenic bladder
- Recognize difficult stoma and peristomal skin complication and treatment options
- Participate in networking opportunities and become informed regarding advances in all aspects of wound, ostomy, and continence care

### Continuing Education

Provider approved by the California Board of Registered Nursing #03602.  
The 3 Day Conference provides 14 contact hours.
